

Quality Assurance Technician – VMS

Job description

Quality Assurance Technician

Visual Marking Systems (VMS) is a leader in high performance printing and custom graphic design services for the OEM, Point-of-Sale/Point-of-Purchase, Public Transit, and Fleet Graphics industries.

Located in NE Ohio, VMS has over 60 years' experience in serving customers from a variety of industries. We create custom decals, overlays, POS/POP displays, nameplates, vehicle graphics and more. Beyond just a printer, VMS offers a wide range of services from customized graphic design to graphics installation. Our clients include Lincoln Electric, Enterprise Truck, FedEx, Navistar, GE, and Davey Tree.

Experts at designing high impact product identification, VMS is in business to help companies gain a significant edge with innovative markings. We consider excellent designs as those that visually convey quality, value, function, and beauty.

Scope of QA Technician:

Ensures that product conforms to customer requirements and prepares parts for final shipment, including packaging. May assist with various processes and reporting, such as First Articles, and Scrap reporting.

Responsibilities:

- Perform thorough examinations of key characteristics per the customer requirements and specifications outlined on the job ticket
- Able to read and interpret customer blueprints
- Ability to use Microsoft office and have basic computer skills
- Identify product defects and have strong attention to detail
- Ability to utilize inspection tools (measurements)
- Maintain a clean and safe work environment
- Participate in routine visual inspections
- Performs secondary operations to parts and final packaging
- Works well in a team environment

- Performs other duties & reporting as assigned, such as: PPAP's, RMA's (returns), and First Article Inspection Reports
- Good team member and communication skills

Education: High School Diploma or GED Equivalent

We prefer to hire an individual who has had experience as a Quality Assurance Inspector in a manufacturing environment, with a minimum of 3 years in a Quality-based role.

VMS offers a very competitive salary, 401K plan with company match, health, dental, vision, life and accident and disability insurance, 7½ paid Holidays, PTO, and vacation. It is a very clean, safe environment to work with dedicated and talented co-workers. VMS is a non-smoking facility.

Job Type: Full-time

1st shift, 7:30am – 4:15pm, Mon - Fri

Pay: \$17.00 - \$22.00 per hour
